Android App Developer Intern

Neovent Innovations

April 2023 – May 2023

Kerala

PROJECTS

Alumni Management System | Django

- Developed a full-stack Alumni Management System using Django, enabling secure user registration, profile management, and admin-based event coordination for streamlined alumni engagement.

Online Election System | Flask, Haar Cascade Algorithm

- Developed an online voting platform incorporating face detection for user authentication.
- Utilized the Haar Cascade algorithm to ensure secure and accurate facial recognition.

Gamified Legal Literacy Platform | Game Development, Web Technologies

- Designed a gamified platform to educate children about legal rights through interactive games and quizzes.
- Implemented parental monitoring features and a leaderboard to encourage engagement.

TECHNICAL SKILLS

Languages: C, Java, Php, Python

Tools: Git, Postman, VS Code

EXTRA-CURRICULAR ACTIVITIES

- Internships:** Applied theoretical knowledge in real-world settings, gaining valuable industry experience.
- Technical Workshops and Seminars:** Attended workshops and seminars to stay updated on industry trends and network with professionals.
